## Security and Reliability Lead City of Naperville to STABILOC

**City of Naperville, Illinois** has chosen the STABILOC locking system to secure its critical underground infrastructure. As part of a million dollar security upgrade project – Emergency Management Officials with the City of Naperville chose STABILOC to provide tamper evident locking manhole covers for the project.

Mr. Dan Voiland - Assistant Fire Chief/Project Manager for the City of Naperville was responsible for overseeing the project. "In evaluating different solutions for securing our critical manhole covers, the one presented by STABILOC seemed to be the easiest to implement without having to change out any of the existing assembly."
